What is PMNCH?

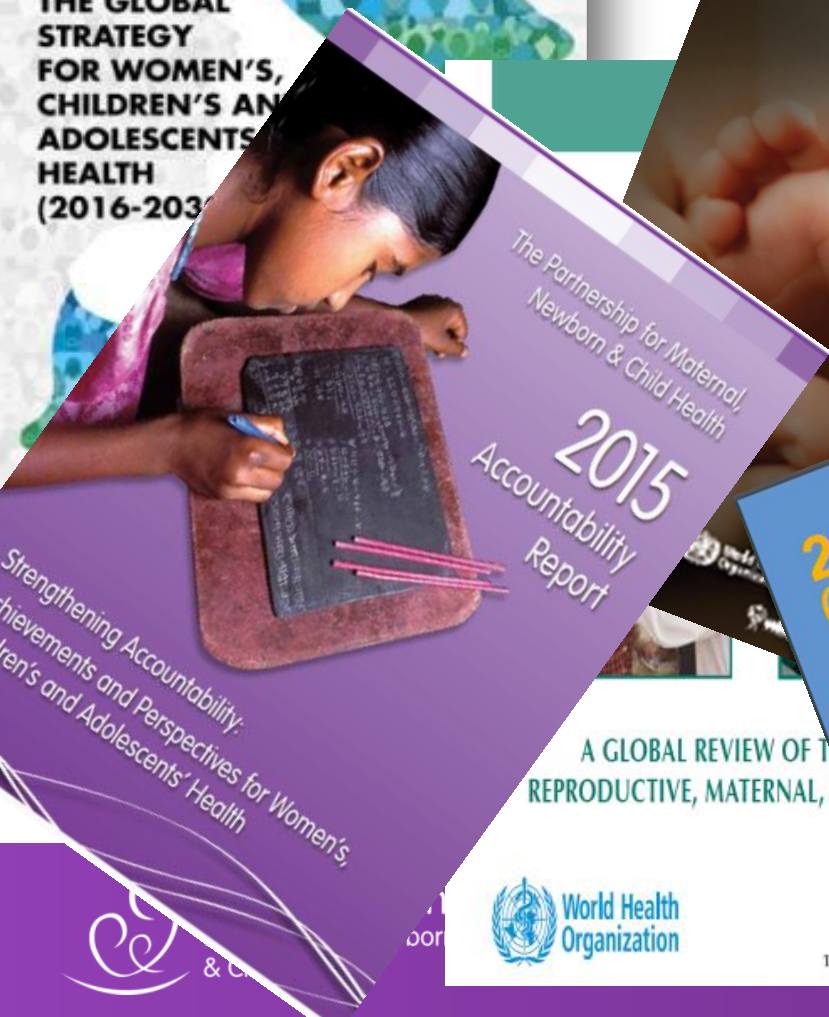

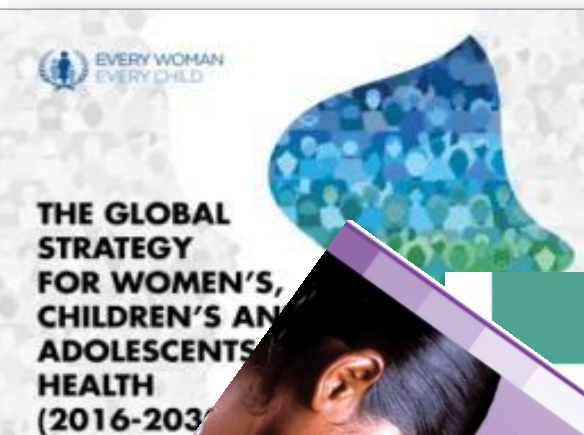

- A wide and inclusive partnership base of more than **800 member organizations at global, regional and country levels** across **10 constituencies**
- PMNCH members are organizations that are **committed to advancing** sexual, reproductive, maternal, newborn, child and adolescent health (**SRMNCAH**)
- PMNCH is a one-stop-shop for all constituencies as catalysts of change to maximize impact in SRMNCAH through collective **alignment, accountability, advocacy, analysis for ACTION**

PMNCH & EWEC

Advocacy, Analysis, Accountability, Alignment

What makes PMNCH successful

- Convening and consensus-building across constituencies
- Connecting national, regional and global SRMNCAH efforts
- Catalysing collective action

Role at the country level

- A **partner-centric approach** for the SDGs era
- PMNCH and in-country partners to ensure a focus on **inclusivity, advocacy and accountability** for EWEC
- In countries, PMNCH to focus on **strengthening existing multistakeholder platforms, in full alignment with national priorities and in support of national health plans.**
- Focus on the populations and places where the burden is highest, the need greatest, and inequity most acute.

Next steps

- Universal mandate to serve countries
- Engagement in countries where there is demand
- Initial focus on inclusivity of multistakeholder platforms followed by focus on accountability and advocacy
- Strengthen collaboration with GFF platform and investment cases, as well as Global Fund concept note development in 2017

South-South Cooperation: PMNCH and PPD

- PMNCH recognizes the value add of South-South model of cooperation
- PMNCH focus countries are from the global south
- In 2017 PMNCH looks forward to collaborating with existing platforms and initiatives supporting south-south collaboration
- PPD is leading the establishment of PMNCH Inter-Governmental Organizations constituency, to bridge the gap between global, regional and local engagement

Thank you!
